

Essential Blocks — PHP Fatal Compatibility

 **Generated:** October 05, 2026 at 12:14:39 UTC |  **Run:** #96

Branches — free: release-6.4.7, pro: release-3.2.4, controls: master

Verdict meaning: **PASS** tested, no fatal/incompat found **FAIL** a real PHP fatal or version incompatibility was found **INCONCLUSIVE** could not be reliably tested (build/install/auth/server/scan gap) — do not treat as pass.

Summary

PHP	Verdict	PHPCompat errors	Runtime fatals	debug.log fatals	Why
-----	---------	------------------	----------------	------------------	-----
